SalmanSpiritual.Com: Focus and Content

The SalmanSpiritual.Com website was established in 1999. We are committed to promote and advance the development of spiritual and intellectual potential of human beings which leads to the inner vision of the Truth within oneself. We think that human beings have to first make peace with God within themselves and then extend this everlasting peace to their fellow human beings. The focus of this website is higher spiritual enlightenment within an Islamic & Ismaili context.

I have developed this website with the hope of actualizing the major concept of higher enlightenment described in the following excerpt from the Platinum Jubilee Message of Noor Mowlana Shah Sultan Muhammad Shah (a.s.):

"In these 70 years of my Imamah, man's material condition has totally changed. There has been immense increase in power over nature but, as we see, with strifes everywhere spiritual power has not increased.

It is my hope that my Spiritual Children, the Ismailis, will, by the example of their own **higher enlightenment** and helpful cooperative movements amongst themselves, set to the world an example of better fraternity and brotherhood which alone can free men from the fear and dangers of moral and mental discord which leads to disaster for all."

You are welcome to explore the website and subscribe to the [SalmanSpiritual.com mailing list](http://SalmanSpiritual.com).

The current project is [Higher Spiritual Enlightenment Posts](http://HigherSpiritualEnlightenmentPosts) which was launched in January 2017 in preparation of the Diamond Jubilee year.
